- SB 241 (NV)
- SB 525 (CA)
- AB 277 (NV)

Tahoe Forest Health System Foundation

TFHSF successfully raised \$987,096. Fundraising focused on mission critical equipment, including funding \$500,000 of the 3T MRI machine. The #GivingTuesday campaign purchased several pieces of equipment for the Emergency Department including a trauma gurney and a GE panda baby warmer to support the Level 3 Trauma and Pediatric Readiness programs. TFHSF is still receiving several grants to support behavioral health services.

Incline Village Community Hospital Foundation

IVCHF had an incredibly successful year raising \$3,889,765. Primary fundraising focused on completely renovating the Diagnostic Imaging space and to purchase a new 128 slice CT machine, a new fixed X-Ray, and adding 3D mammography, a service that hasn't been available to the community in over a decade. The IVCHF Board voted to fund the entire Diagnostic Imaging project for a total of \$6.9 million - about \$3.8 million of that total was funded by Helmsley Charitable Trust.

Spirit of Giving Award

Shortly after the stillbirth of their daughter, Annalise King Hall, Josh & Lindsay Hall started a fund to help families facing this same kind of profound loss by pioneering a supportive fetal demise program.

Since establishing the Annalise King Hall Fund, it has provided:

- Bereavement training to nurses so that they are better equipped to support families after a loss
- A mother's milk bank to bring human milk to babies when absolutely critical situations arise
- Cuddle cots, giving grieving parents an opportunity to bond with their babies
- Memorial wind chimes to mourning families giving comfort and remembrance
- Comfort kits to families who have experienced a stillbirth or a miscarriage
- Advanced fetal monitors for tracking rate and rhythm of fetal heartbeats
- A neonatal resuscitation device, ensuring our clinical team has the best equipment available

People

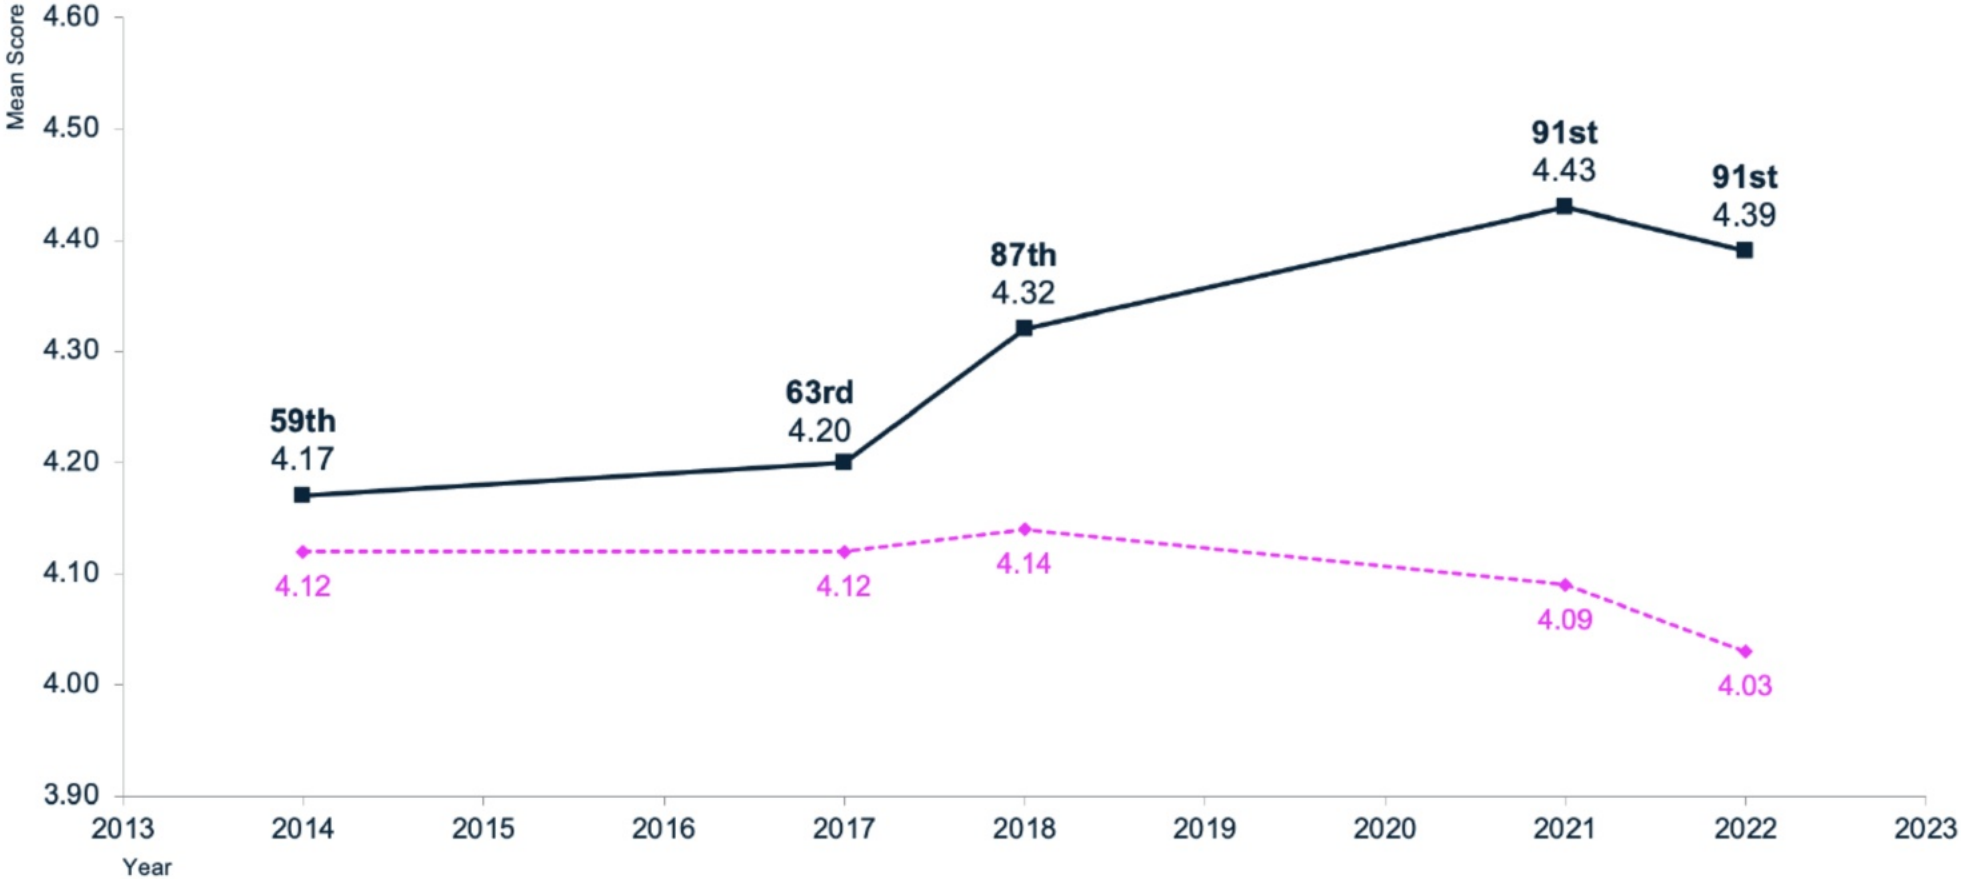

- Onboarded 363 new team members
- Incorporated Multi-Specialty Clinics into the union contracts
- Awarded 3rd place in the 2023 Greater Reno-Tahoe Best Places to Work in the Large Business category
- Launched PEAK (Professional Excellence, Advancement & Kudos) program for nursing, an evidenced-based, voluntary clinical/ career ladder

Information Technology

- Implementation of Epic Hyperdrive
- Improved provider efficiencies and support for onboarding
- Completed multiple projects, including CAIR2, Resident Scheduler, new Coagulation analyzers, Glucometers and new Blood Culture Analyzers with application for lab
- Implemented various technical upgrades, including cell phone boosters and Kari's Law compliance
- Managed IT initiatives, including data protection measures and creation of focused Cyber Security division
- Successfully protected the environment from over one million attempts to access our systems
- Closed 9,996 help desk tickets

Cancer Center

- Reaccreditation awarded by American College of Surgeon (ACoS) Commission on Cancer (CoC) with no deficiencies
 - Achieved by only 4% of hospitals nationally
- 89.51% on annual data submission for Quality Oncology Practice Initiative (QOPI) Certification
 - Result reflects top 1% of CancerLinQ program scores
- 22 National Quality Measures for Breast and Colorectal Cancers monitored through the CoC, exceeding state and national benchmarks
- Awarded \$20,000 grant to assist patients in travel expenses - 1 of 3 programs on the West Coast
- Collaborative project between Cancer Center, Outpatient Infusion Services, and Urgent Care to help patients avoid ED visits when possible
 - Developed an expedited Urgent Care Visit option for Oncology patients on active treatment

Orthopedics

- Own the Bone Star Performer
 - For the ninth year in a row, TFHD was recognized as a Star Performer for its achievements and participation in the Own the Bone® quality improvement program as highlighted in U.S. News & World Report.

AGING IN AMERICA SHOULDN'T MEAN HIP FRACTURES,
DISABILITY & LOSS OF INDEPENDENCE

THE BEST HOSPITALS AND PRACTICES OWN THE BONE

The American Orthopaedic Association applauds the following institutions for their achievements and participation in the Own the Bone® quality improvement program:

STAR PERFORMERS

Institutions are recognized for at least 75% compliance on at least 5 of the 10 recommended secondary fracture prevention measures over the last year.

AdventHealth Orthopedic Institute, Central Florida Division - Orlando, FL
Advocate Christ Medical Center - Oak Lawn, IL
Allegheny Health Network (AHN) - Jefferson Hospital - Jefferson Hills, PA
Anne Arundel Medical Group Orthopedics/Laminis Health - Annapolis, MD

Sycamore Shoals Hospital - Elizabethton, TN
Trinity Health Ann Arbor - Ypsilanti, MI

*First in state to enroll in Own the Bone®
*Recognized as a newly enrolled institution and a Star Performer in addition

ECC

- Successful annual CDPH survey of ECC/LTC, ensuring compliance with CMS COPs
- Increased census to filling all available beds
- Increased Rehab/Skilled beds to four at a given time
- Employed Full Time restorative aides to keep residents active and showing less decline

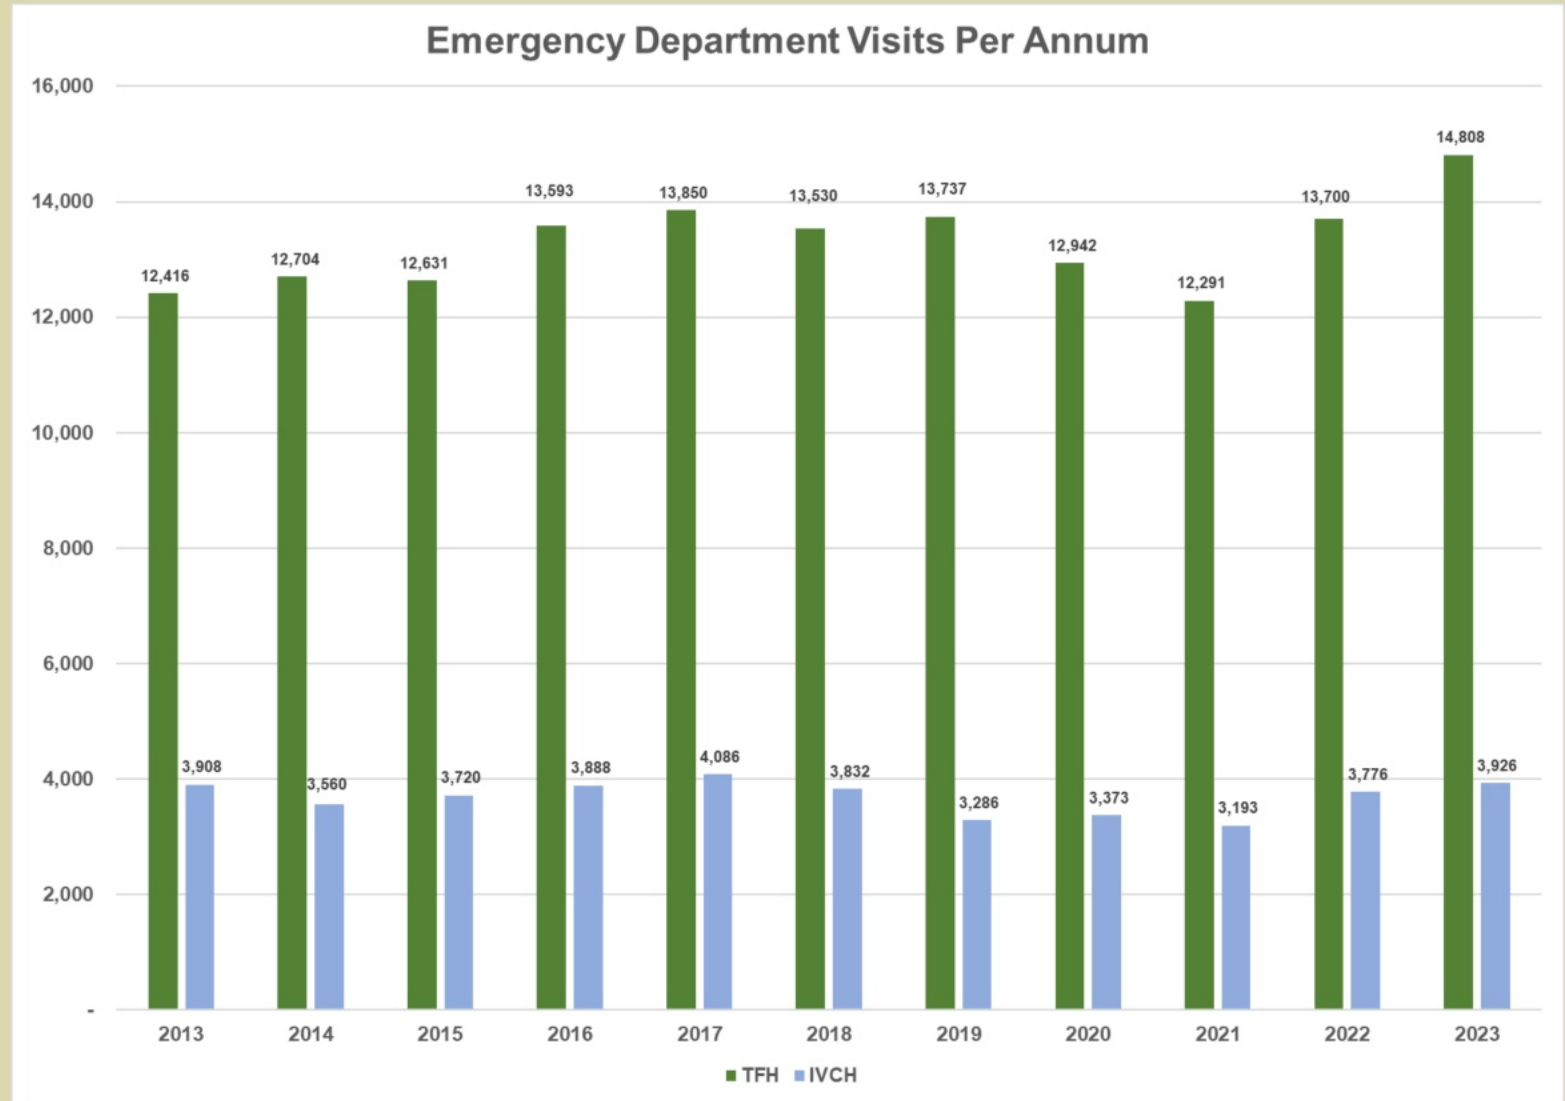

Case Management & Care Coordination

- Decreased All Cause Medicare readmission rate (Q2 2022-Q1 2023) to 12.7%
- Hired Medical Assistant to support CC and Trauma programs with call-backs and follow up care
- Developed and implemented Wise Mind program series for cognitive assessment and improvement
- Provided a Senior Needs Gap Assessment to the AC and Board

Emergency Department

- BETA Quest for Zero: Tier 2 achieved at both Emergency Departments
- 2023 Women's Choice for Best Hospitals in Emergency Care

Surgical Services

- Partnered with Optum to evaluate & make improvements to workflows and efficiencies
- Perioperative Governance Committee established
- Preoperative Performance Improvement team focused on patient optimization prior to surgery
- Cardiac Service line established on June 15, 2023
- Endoscopy services now offered at IVCH as of May 26, 2023
 - 111 cases performed as of June 15, 2023
- Physician Engagement efforts
 - Working with surgeons & anesthesiologists on volume scorecards
- Interventional Radiology Nurse
 - Dedicated to Diagnostic Imaging for increased procedural support

Inpatient Services

- Achieved the Press Ganey Guardian of Excellence Award for reaching and sustaining patient experience scores at or above the 95% rank in the nation for one full year
- Inpatient Services has ranked in the top 5% for over three consecutive years, earning the Press Ganey Human Experience Pinnacle of Excellence Award
- Initiated a Change of Shift Huddle to increase communication between day and night shift
- Implemented new Fall Risk Protocol including increased awareness by nursing staff & patient care techs, use of yellow gowns, bed alarms and chair alarms

Average Daily Census and Length of Stay - Acute Patients

Med-Surg

- Increased capacity of RN for cardiac & pediatric patients
- Started keeping higher acuity cardiac patients
- Pediatric RSV season increased capacity & education
- Introduced new pediatric scoring tool to better assess RSV pediatric patients
- Education included: Pediatric Emergency Assessment, Recognition, & Stabilization (PEARS) Class for increasing comfort in Pediatric patients to reduce transfers, EKG Refresher Class for nursing staff, Fall In-Service for chair alarms, increased wound care education for nursing staff and increased diabetic education tools for newly diagnosed patients
- Adjusted team lead and nurse assignments in order to better serve our patients safely and decrease burnout on the unit
- Increased sepsis flowsheet documentation in order to identify septic patients sooner

ICU

- Recovery of cardiac patients
- All ICU RN's are certified with NIHSS for in-patient stroke alerts
- Began conducting follow-up calls on all patients discharged from ICU
- Extensive cardiac training to RN's in anticipation of and response to a new cardiac line
- Champion RNs for wound-vac dressing changes
- Increased focus on quality compliance through real time audits

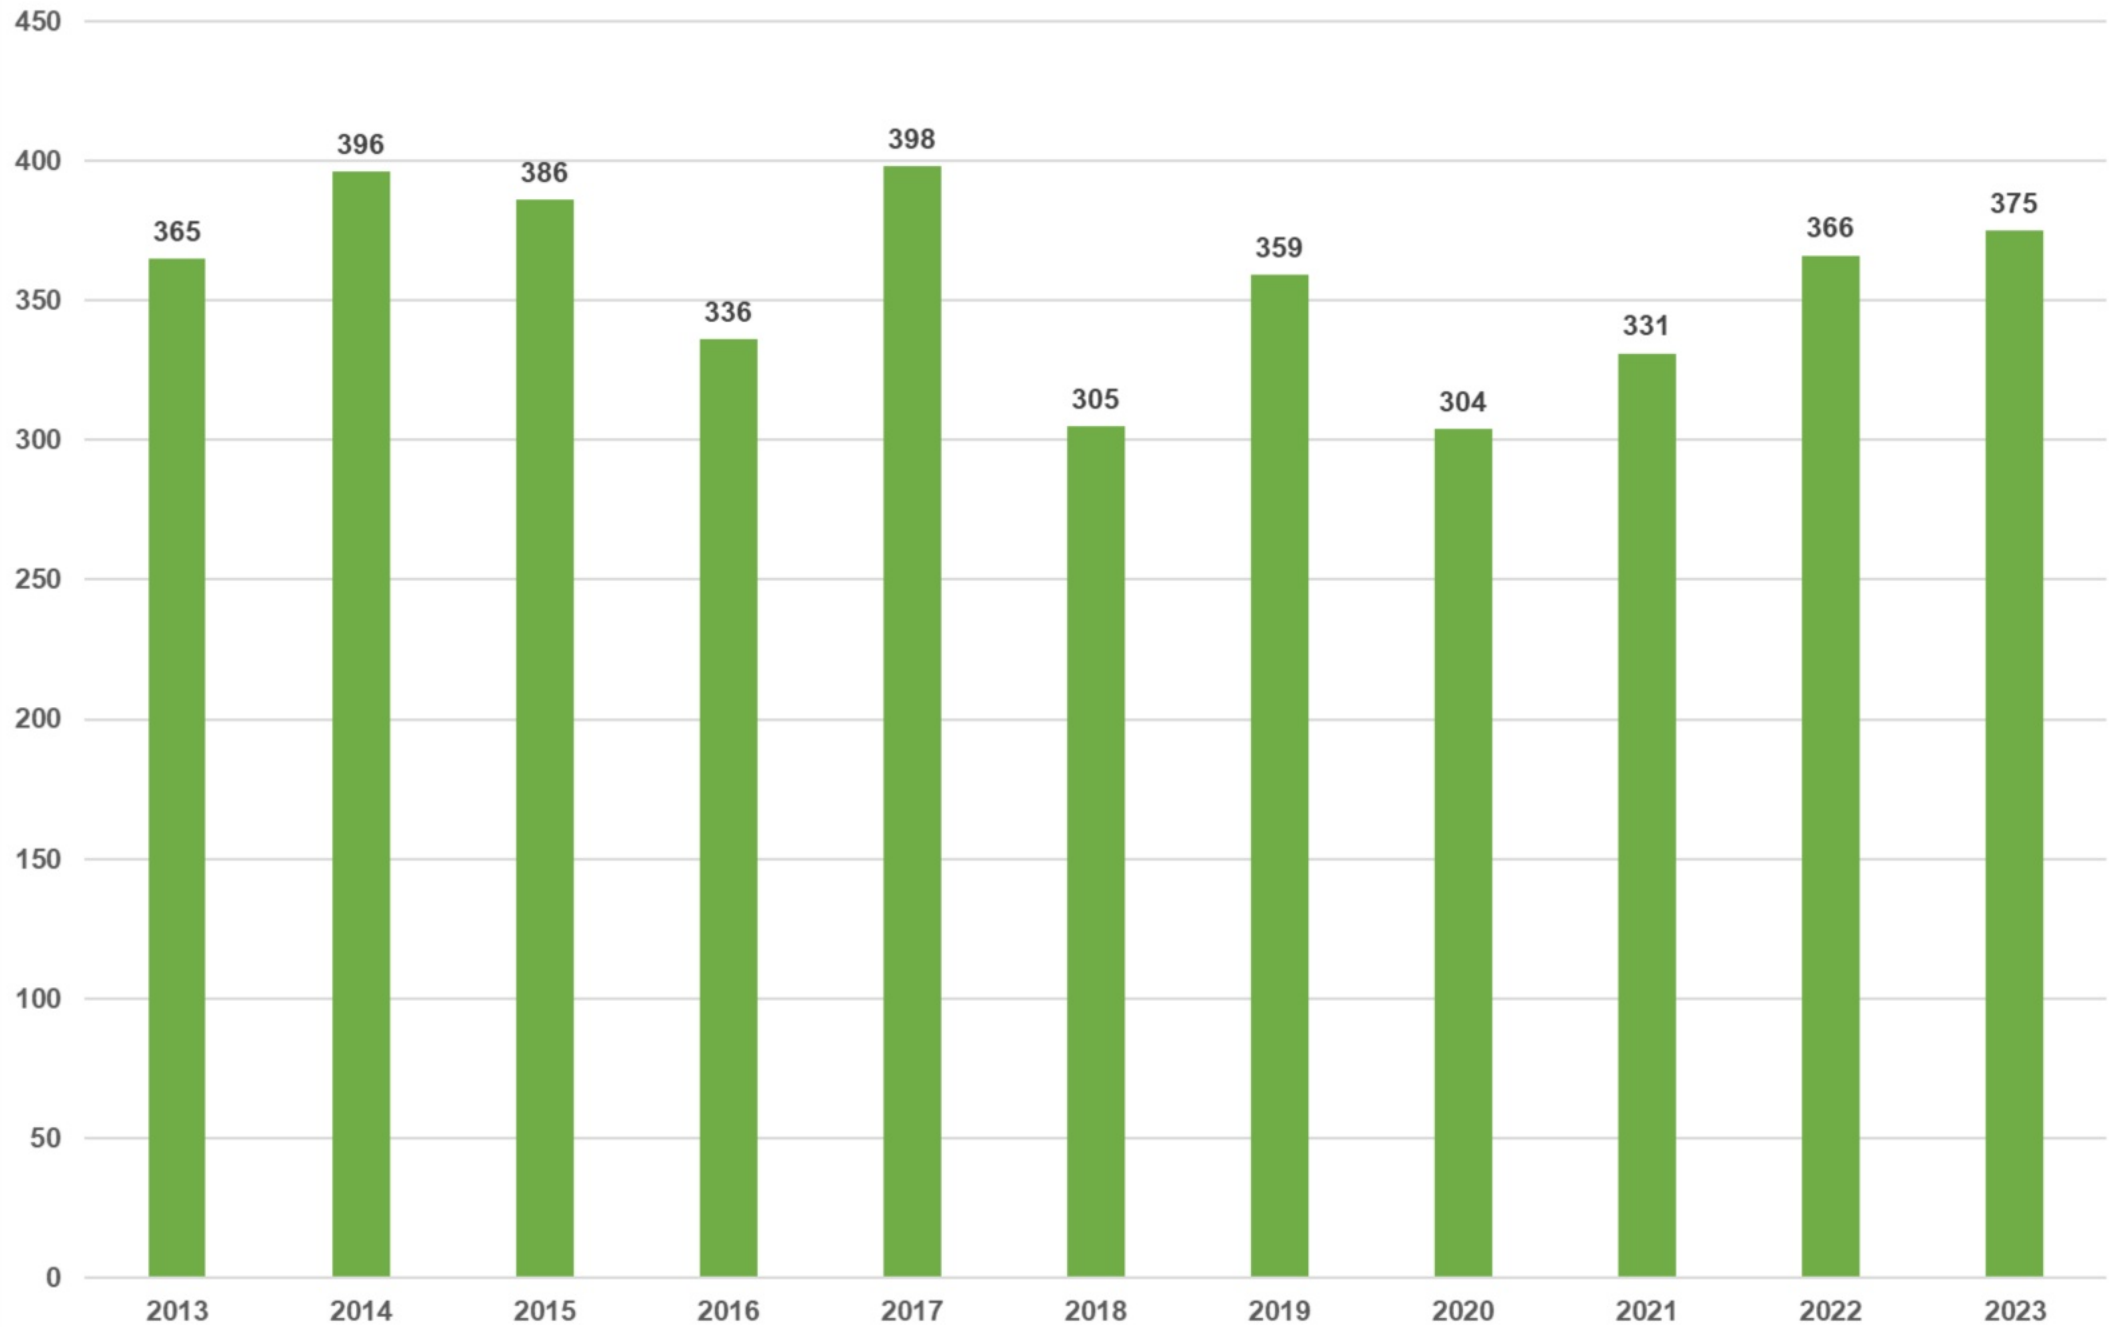

Labor & Delivery

- BETA Quest for Zero - Tier 2
- 2023 Women's Choice Award for Best Hospitals in Obstetrics
- California Maternal Quality Care Collaborative Maternal Data Center Honor Roll for 3 years below state benchmark for cesareans in our first time birthing population
- 2023 Cal Hospital Compare Honor Roll for Maternity Care
- Baby Friendly designation extended through 2027

**National
Baby Friendly
Certification**

Deliveries Per Annum

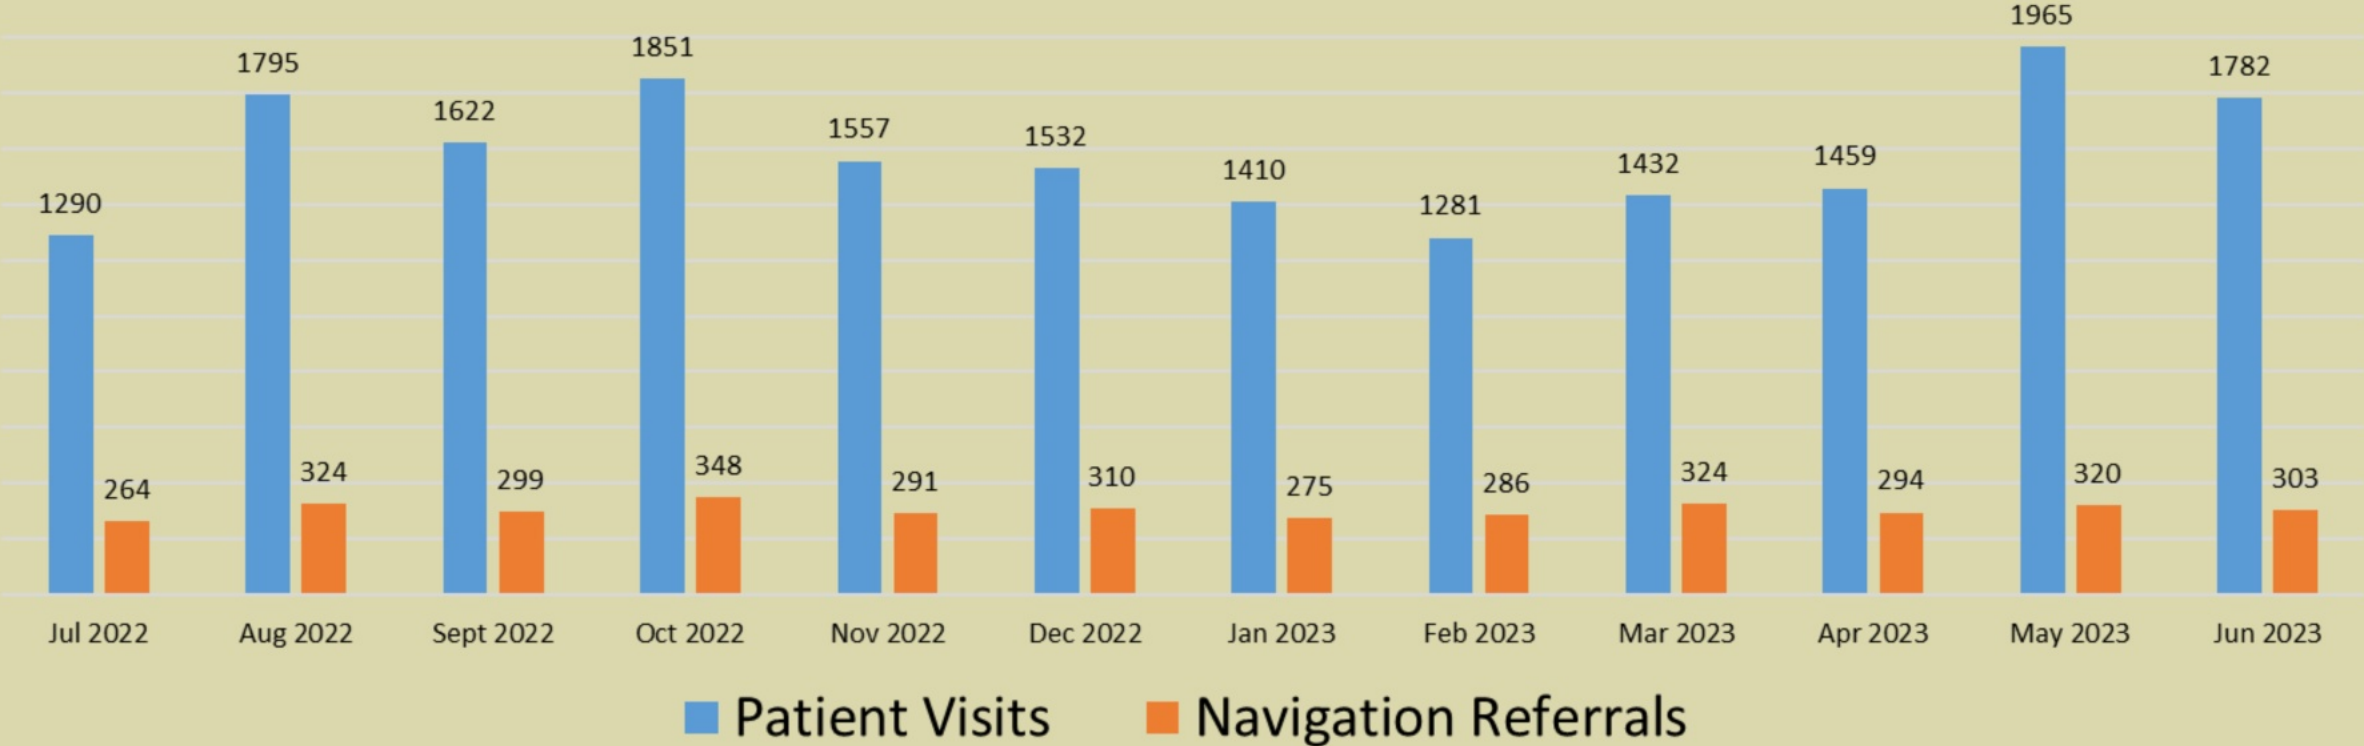

Occupational Health

- Implemented a new electronic medical record
- New Co-Medical Directors: Dr. Yolanta Petrofsky & Dr. Stasia Muhlner
- Expanded role of RN's in clinic for employee health visits
- Community Partnership with Palisades Tahoe
- Established new screening guidelines for health care providers which results in \$284,000 hard cost savings
- Successfully implemented first telemedicine visit

Customer Care Navigation

Tahoe Forest Center for Health

Lab

- Implemented High Sensitivity Troponin testing for early detection of heart attack
- Point of Care Glucose testing now interfaced with Epic
- Successful accreditation by The College of American Pathologists
- Fentanyl testing added to all urine toxicology orders to meet requirements of Tyler's Law and aid community in identifying the presence of Fentanyl for our patients
- Point of Care iSTAT instruments performing blood gases, electrolytes and Hemoglobin testing now electronically send results to patient charts

Diagnostic Imaging

- Industry-Leading 3.0 Tesla MRI project completed
 - Due to dramatic decrease in exam times with the 3T technology, operations expanded to 12 hour days and an additional 30+ patients each week
- Mammography equipment purchased at IVCH thanks to a Helmsley Grant
 - 400 patients seen at TFH and 4400 women in the IVCH zip codes are within the age for mammography services
- Kicked off IVCH CT and X-Ray Replacement project

..... *Announcing!*

NEW Industry-Leading 3.0 Tesla MRI Now Available

Exceptional Images. Extraordinary Care.

Unparalleled Comfort

A larger opening accommodates people of nearly all sizes

Unparalleled Speed

New innovations ensure a faster exam

Unparalleled Results

Consistent, high-resolution images enhance patient care

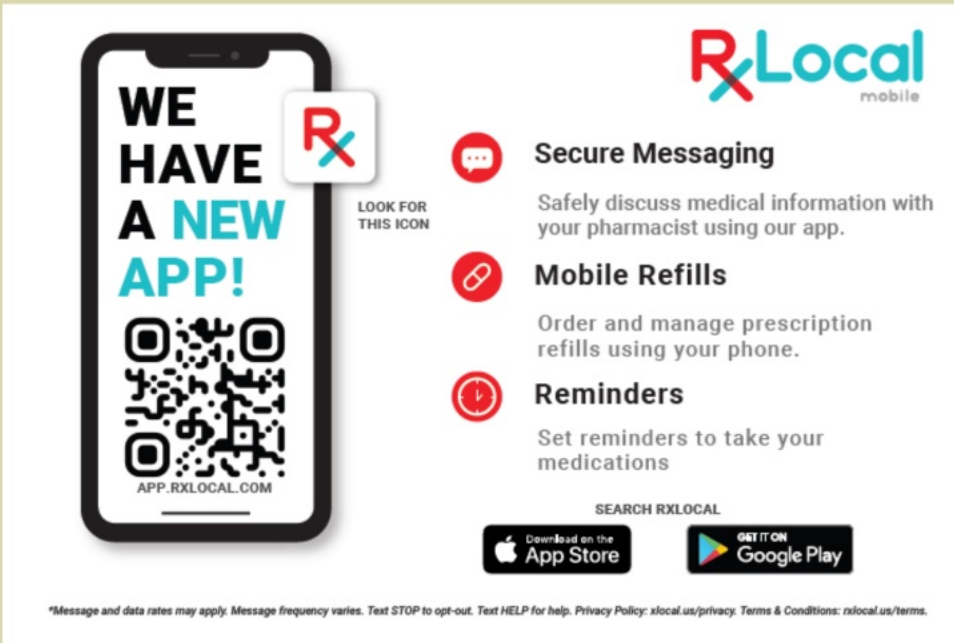

When it comes to your care, there is no room for compromise. That's why we've invested in a new 3.0 Tesla magnetic resonance imaging (MRI) technology that adapts to your unique body to deliver stunning precision, accuracy, speed, and efficiency.

Proudly supported by a \$500,000 grant from the TFHS Foundation
